EDUCATION

Case Western Reserve University   Aug. 2023 – May 2027
Computer Science and Philosophy Major   *Cleveland, OH*

EXPERIENCE

IT Internship   Summer 2025
Harner Plumbing   *Mantua, OH*
- Worked as a summer intern for Harner Plumbing, a local plumbing company with three total companies under it and over 40 employees.
- Helped the company with software and IT upgrades.
- Generated a script to provide automated reports for the company CEO.

CWRU Collaborative Coding Club   Jan. 2024 – Present
Case Western Reserve University   *Cleveland, OH*
- Work with other students to develop innovative programming projects in a collaborative environment.
- Club Secretary and Risk Manager. Organize meetings for a club of over 350 students.
- Responsible for providing club members with email updates on events and taking detailed notes at executive board meetings.

Startup Application   Jan. 2025 – April 2025
Imager through Weatherhead School of Management   *Cleveland, OH*
- Took a course during the spring semester that involved working with a startup app called Imager alongside Emeritus Faculty, fellow undergrads, and staff at CWRU.
- Utilized teamwork skills to provide outreach for the iPad application.
- Helped provide 3 main use cases for the application to help it grow in popularity among creative individuals.

Cleveland Engineering Society   Jan. 2025 - March 2025
Humanities@Work Micro-Internship   *Cleveland, OH*
- Worked for non-profit that has over 300 professional members.
- Assisted the marketing director with event planning and updating the website. Specifically, planning the EC&M Conference, which over 200 people attended.

Ohio Buckeye Boys State   June 2022
Miami University   *Oxford, OH*
- One of two students from my high school chosen for the prestigious Buckeye Boys state event.
- Successfully ran for office and strengthened experience in civics, citizenship, and public speaking in this model government.

YMCA of Greater Cleveland   Dec. 2023 - Present
Member Service Representative   *Garrettsville, OH*
- Provide a welcoming environment for dozens of members who check in daily.
- Understand the importance of non-profits, teamwork, and being proactive in the workplace.

PROJECTS

NCAA March Madness Model | *Python*   March - April 2025
- Used python to create a model that predicted every game of NCAA March Madness.
- Effectively worked in a team of 2 other students. Model placed in the 99th percentile of all brackets.

Coding Club Website | *HTML/CSS, JavaScript*   Jan. – April 2024
- Developed a website with password encryption to get the club off the ground.
- Utilized web development skills.

Domino Train game | *Java*   Nov. 2023
- Developed *Mexican Train Game* for *Programming in Java* course.

Arduino Front-End Project | *JavaScript*   Sept. – Dec. 2024
- Developed a project that sends clicked boxes on a website to an Arduino board for *Collaborative Coding Club*.
- Effectively worked in a team of 5 other students. Stepped in as team leader at times.

CWRU Campus Map | *Flutter*   Jan. 2025 – Present
- Utilized full stack mobile phone application development tools to make a campus-specific map for students.
